By signing below, I the undersigned, attest to reading and understanding all guidelines set forth by Canyon Club Condominiums Homeowners Association Rules & Regulations and Architectural Guidelines. I understand that if approved, I must consult the Maintenance Supervisor for final placement approval PRIOR to having service installed. Failure to do so may result in the satellite dish removal with a fee, as well as responsibility of any additional costs incurred to relocate satellite dish. When the property is vacated, I understand I am fully responsible for removal and disposal of the satellite dish within ten (10) days. If satellite is not placed in approved location, or removed within vacancy timeline, Canyon Club Maintenance will remove the dish and assess a \$100.00 fee to the owner. Additional fees may be incurred for disposal of dish if applicable.
